

Authorised Assessment Centres

We will contact you no later than **3 February 2026** about when to make your assessment entry with the University and the assessment centres. **Do not** contact them before this date. [This list is subject to change so please check back regularly.](#)

- If you have been notified that your exams are being held at an assessment centre you are expected to travel to your nearest authorised centre.
- Some assessment centres have limited accommodation, so you should make your entry as early as possible.
- You must complete your entry to assessments by the stated deadline. Local assessment centre deadlines may be earlier than the UoL deadline.
- Your assessment centre is responsible for confirming the exact location of the assessment venue, the time to report at the assessment venue, and start time of your assessment, which may differ from your admission notice.
- ‘Bring your own device’ provision means that you must use your own laptop computer and take it to the exam centre. You may also bring the devices charger but no other equipment from your home will be permitted e.g wired keyboards, computer mouse.
- **DO NOT contact the examination centres directly to make your assessment entry. You MUST go through the Exam Entry task using the student portal.**
