

## Authorised Assessment Centres January 2025

We will contact you no later than 1 February 2025 about when to make your assessment entry with the University and the assessment centres. **Do not** contact them before this date.

- If you have been notified that your exams are being held at an assessment centre you are expected to travel to your nearest authorised centre.
- Some assessment centres have limited accommodation, so you should make your entry as early as possible.
- Your assessment centre is responsible for confirming the exact location of the assessment venue, the time to report at the assessment venue, at start time of your assessment, which may differ from your admission notice.
- This list is subject to change so please check back regularly.
- **DO NOT contact the examination centres directly to make your assessment entry. You MUST go through the Exam Entry task using the student portal and you will be provided with the correct link for the exam centre or other appropriate instructions.**
- You must complete your entry to assessments by the stated deadline. Local assessment centre deadlines may be earlier than the UoL deadline.

Country	City/Province /State	Examination Centre	Provision of laptop or desk top computer	Contact
