

## Authorised Examination Centres November 2019

- Students are expected to travel to their nearest authorised examination centre.
- Some local examination arrangements are managed by a parent centre, e.g. for examinations in Adelaide, students should contact Sydney.
- Some examination centres have limited accommodation, so students should contact their examination centre as early as possible.
- Some examination centres require students to provide pre-paid courier envelopes when making an examination entry.
- Students are responsible for confirming with their examination centre the exact examination venue, the exact examination starting time, and the exact time to report at the examination venue.
